### HEALTH CHECK FOR BREATHWORK PARTICIPANTS, 2019

*The Breathwork experience can involve intense experiences accompanied by powerful emotional and physical release. Pregnancy, cardiovascular disease, severe hypertension, a family history of aneurisms, recent surgery or fractures, acute infectious disease, seizure disorder, or certain psychiatric conditions are contraindications. So we can advise you properly, please answer the following questions. We will keep all your answers confidential. Your information will help us create a safe setting for this experience.*

- |                                                                                                                          | YES | NO  |
|--------------------------------------------------------------------------------------------------------------------------|-----|-----|
| 1) Do you have any of the following?                                                                                     |     |     |
| Cardiovascular disease, including angina or heart attack .....                                                           | ___ | ___ |
| High blood pressure .....                                                                                                | ___ | ___ |
| A family history of aneurisms .....                                                                                      | ___ | ___ |
| A personal history of mental illness or psychiatric hospitalization ...                                                  | ___ | ___ |
| Surgery, inpatient or outpatient .....                                                                                   | ___ | ___ |
| Past or recent significant physical injuries .....                                                                       | ___ | ___ |
| Recent or current infectious or communicable diseases .....                                                              | ___ | ___ |
| Glaucoma .....                                                                                                           | ___ | ___ |
| Retinal detachment .....                                                                                                 | ___ | ___ |
| Seizure disorder (epilepsy) .....                                                                                        | ___ | ___ |
| Osteoporosis .....                                                                                                       | ___ | ___ |
| Back problems .....                                                                                                      | ___ | ___ |
| Sleep problems (apnea, snoring, etc.) .....                                                                              | ___ | ___ |
| Dietary restrictions (vegetarian, gluten-free, etc.) .....                                                               | ___ | ___ |
| 2) Have you been advised (by a doctor or other health care provider) to restrict your physical activity in any way?..... | ___ | ___ |
