

March 5, 2023

Dreamshadow COVID Policy: Based on current COVID trends and the recommendations of six medical professionals in our community, we no longer require that participants to our events be COVID-immunized. However, everyone is requested to provide proof of two negative rapid home antigen tests before attending: one test 72 to 24 hours before the workshop, and the second test on the morning of the day the workshop starts.

Anyone experiencing cold or flu-like symptoms the week the workshop starts is asked to stay home. Anyone who develops such symptoms during the workshop is asked to inform the facilitators as soon as possible so we can make the necessary arrangements for everyone's safety.

Please note: Although we are requesting people to test, we cannot guarantee a COVID -free environment.

Approved by the Dreamshadow Board of Directors, March 5, 2023
